

Empowered Women of Greenville (EWG) is the Junior League of Greenville's signature Community Impact event, now in its third year. EWG is a free, day-long conference focused on helping women reach their full potential. The program includes featured speakers, breakout sessions, and opportunities for networking for women served by our partner agencies along with women from the wider Greenville community.

Health & Wellness, Career & Job Search, Financial Literacy, and Building Community are our four topic focus areas. Dynamic sessions related to these topics will be led by local experts, with a focus on encouraging women to take steps to empower themselves in recognition of the fact that women often serve as the economic engine for many households. This year, we're adding an exhibit area where sponsors can showcase their products and services to attendees.
